

**What others are saying about**  
**Reaching Your Community: A 10-Week Equipping Class**

**Paul Clark, Lead Pastor, First Nazarene Church of Lewiston:** *"Citywide provides hope and tools to people who would like to see more people reached with the gospel. I believe a life of following Jesus brings fulfillment and joy that cannot be experienced elsewhere, and I would love to see my neighbors, people I graduated from high school with, and people I rub shoulders with every day to experience that quality of life. I am so grateful for Jason's encouraging and applicable approach to evangelism. He is giving useful tools and inspiring Christians to put them into practice"*

**Todd Kinley, Pastor to Families, Onecho Bible Church:** *"We are thankful to Citywide Missions for their 10-week class at our church. We appreciate the informative training and examples that were given. We are all called to go into all the world and preach the gospel. This course challenged many in our church to reach out to their community and gave them the tools to do so."*

**Addisynn Maj, Stay at Home Mom of Five Kids:** *"Thank you for giving me confidence to reach people in my community! I've really enjoyed this engaging class!"*

**David, Participant:** *"This course covers the basics as well as the complete "how to" on sharing our Christian faith with others."*

**Theresa Adams, Homeschool Mom:** *"As a shy person, this has given me ideas on how to be more bold in evangelism."*

**Sadie Johnson, Teacher:** *"Citywide has a beautiful and BIG vision - to make Jesus known in my city. This class has helped me think about my community and feel confident to share the gospel with them. Everything was so well thought out and easily applicable. I highly recommend it!"*

**Nicola W., School Teacher:** *“These 10 weeks have been such a blessing. Jason and Citywide Missions are letting God work through local communities in incredible ways.*

*After this course, I have left with a deeper understanding of how to identify my communities, initiate a gathering, pursue meeting with members of the community, and clearly share the good news of Jesus. I am thrilled to continue meeting with mine and Sadie’s community, allowing God to transform lives and hearts.”*

**Jim Heilsberg, Hospital Admin:** *“The Citywide Missions 10-week course can help any group move from ministry apathy to intentional evangelism. The focus on every person being in and needing to reach their individual communities will jettison each person to making an impact for Christ.”*

**Ethan Adams, Business Owner:** *“Citywide does a great job of helping understand and brainstorm how to reach people in your life with the gospel. Sometimes the praxis is the impediment and they remove this by answering all the questions you may have.”*

**Weston Claassen, Farmer:** *“Jason and Citywide Missions training emphasized and reminded me that all my moments with people are opportunities to share our faith. Jason taught an easy and clear way to share the love of Jesus and a plan of how to get to that moment of sharing.”*

**Gary, Project Manager:** *“Citywide takes a fresh approach to reaching communities in the LC Valley with the gospel as well as equips believers in a way that allows them to share their faith with people around them.”*

**Regan, Paraeducator:** *“The 10-week training course was a practical step by step guide to move from identifying the community God is placing on your heart, to then knowing how to effectively reach it with the good news of Jesus Christ. Highly recommend to anyone looking for next steps on how to intentionally connect with others in Jesus’ name.”*

## **SYLLABUS**

***Reaching Your Community*** is a 10-week equipping course from Citywide Missions that prepares churches and individuals to reach communities in the city with the good news of Jesus.
